☑Scissor Lift/Aerial Lifts

Fire Hazards

Production Options
☑Decorations
☑Golf Carts and Utility Vehicles
☑Tents and Canopies

Physical Conditions or Hazards
☑Heat Stress
☑Ladders
☑Utilities/Site Services
☑Weather Conditions

General Safety Rules

Overview:

Fox Corporation is committed to providing a safe and healthy workplace for its employees. This is accomplished by the actions of both management and employees.

Scope:

The General Safety Rules apply to ALL FOX employees (Staff, Freelance and Per Diem) and contractors.

Requirements:

All employees and contractors must obey the General Safety Rules. Failure to follow safety rules and procedures may result in disciplinary action up to, and including, termination.

1. Immediately report all accidents, equipment failures, unsafe conditions or activities no matter how minor to a supervisor or your Environmental, Health and Safety (EHS) representative.

2. Obey all company safety rules, signs, policies and procedures.

3. Horseplay is not permitted.

4. The use of illegal drugs and alcohol is strictly prohibited.

5. Proper footwear is required at all times. Open-toed shoes (i.e. sandals, flip-flops etc…) are ***NOT*** permitted.

6. Employees are required to use company issued personal protective equipment (i.e. fall protection body-harnesses and lanyards) and guarding provided for your safety.

7. Golf carts, forklifts, man-lifts and passenger vehicles must be restricted to authorized and certified-trained personnel only.

8. No golf cart or any other passenger vehicle shall be operated where the number of passengers is greater than the number of seats provided. Most golf carts used on productions are designed to carry one driver and one passenger.

9. Inspect tools and equipment before you use them. Do not operate any equipment which, in your opinion, is unsafe to use and report the equipment to your supervisor.

10. Use tools, materials, machinery, equipment or vehicles in accordance with safe work practices, the manufacturer's specifications and as in instructed.

11. Always use the right tools and equipment for the job. Operate only the equipment that you are authorized to use.

12. Good housekeeping must be practiced at all times. Return and properly secure all tools, equipment and materials. Always keep and maintain clear aisles and walkways.

13. Means of egress shall be kept unlocked, unblocked, and well lit at all times.

14. Only trained and authorized persons should attempt to respond to a fire or other emergency.

15. In the event of fire, sound the fire alarm, alert those around you, evacuate and call 9-1-1. If fire alarms are not available, then alert those around you, evacuate and call 9-1-1. Upon hearing the fire alarm, immediately stop work and proceed to the nearest exit or designated safe refuge area.

16. In the event of a medical emergency, alert those around you and call 9-1-1 or provided alternative number. Automatic External Defibrillators (AEDs) are located on site and may be used by those who have been properly trained in their use.

Please note that reporting through your supervisory chain frequently produces the most thorough and timely resolution of a matter and is encouraged. However, the Fox Employee Safety Hotline is available to anyone wishing to remain anonymous when reporting concerns, hazards, or noncompliance if you do not feel comfortable speaking with a supervisor or other resource. To report via the Fox Employee Safety Hotline please call 1-866-FOX-CABLE or 866-369-2225, Option 9.

If you should have any questions, please feel free to contact any member of the FOX Environmental Health & Safety.

Thanks,

Condition	Lightning strike(s) reported within 8 miles of the venue location.
Action	**Take shelter**, All exposed personnel are to evacuate and seek shelter in the nearest safe refuge area.
Wait	Stay sheltered until the "all clear" is communicated (30 minutes from last 8 mile lightning strike).

Weather Application	
Download	Visit your app store to search/download: **WeatherOps by WDT**
Login	Login to the application the first time* Username **FoxSports** Password **fieldops1!** **Case sensitive and no space for both*
Use	• Allow application to follow you, push alerts, etc. • Reboot or turn phone off/on to reset if issues occur • To opt out simply delete the app
Broadcast	You can also view online, broadcast, etc. https://weatheropscommander.com/ (same credentials above, copy/paste as needed)
Help	Contact EHS with any questions: safety@fox.com or WDT 24/7 Forecast Desk: (405) 801-3919 WDT 24/7 Tech Support: (866) 429-5578

PURPOSE

This document is to assist Production Operations in raising Security Awareness for parking, compound, venue operations, pre/post production areas and related work locations.

AFFECTED AREAS

ALL SPORTS VENUES (E.G., STADIUMS, ARENAS, TRACKS, CAMPUSES, ETC.)

PRODUCTION AREAS OF CONCERN

TV COMPOUND

- Always be aware of unauthorized personnel entering the TV compound area through the security fence/gate.
- Be observant of any unfamiliar cases, bags, containers or equivalent that you have not seen before in the area.
- Be aware of any unusual deliveries that may occur during setup, game or post production.
- During park/power, walk down area and take notice of any unusual boxes, wires, materials or containers that may pose a risk.
- Be aware of any bags/backpacks that have not been identified or marked by Security.

SETS/STAGES

- Walk all production areas prior to and during setup looking for anything unusual or containers, bags and/or boxes that were not there before.
- Before, during and after the production, crew members should watch the surrounding areas for any containers, bags or cases that might be introduced to the production area.
- Make sure production areas is properly secured to prevent any fans, visitors or unauthorized personnel from entering the area.

VENUE (CAMERA POSITIONS, CART ROUTES, BOOTH)

- Be aware of any individuals approaching you asking unusual production-specific questions.
- Look for any containers, cases or boxes that are not typically in your area or part of your equipment.
- If you notice anything unusual or see something is out of place, INFORM SOMEONE!

SECURITY

INDICATORS OF SUSPICIOUS ACTIVITY

Report any suspicious behavior and situations; note, race, ethnicity, national origin, or religious affiliation alone are not suspicious:

- Abandoned packages/bags left in the vicinity of the production compound
- People loitering/monitoring areas, buildings, or entrances
- Unauthorized individuals attempting to access the production compound
- Persons asking detailed information with no apparent need for that information

ADVICE FOR CREW MEMBERS

Crew members should be aware of their surroundings at all times. In the event that there is a security incident or a suspicious activity that needs to be reported the crew members should notify the following (in successive order):

1. Production/Event Security Personnel
2. Local Law Enforcement
3. Unit Production/Technical Manager
4. Fox Global Security Operations Center (GSOC) - Tel: **310-369-6555**, Toll Free: **1-877-334-4762**, Email: FoxGSOC@Fox.com

When reporting a suspicious activity make note of the time and location of the suspicious activity, physical description of suspicious individuals, and license plate numbers of suspicious vehicles. Provide as many details as possible and include your contact info.

ADVICE FOR MANAGEMENT

The Production should endeavor to undertake the following:

1. Ensure credentials are issued to staff and vendors
2. Maintain a master list of all individuals that have been issued credentials
3. Maintain a list of all staff members at the sporting event
4. Ensure that all crew members are aware of security measures, emergency response plans, and incident reporting procedures
5. Immediately inform the GSOC of any incidents occurring at the event site.

Should any life safety or security issue arise, please immediately contact the 24/7 Fox Global Security Operations Center (GSOC). The GSOC will assist in coordinating the proper resources for a rapid response (310) 369-6555 OR 1-877-334-4762 (FoxGSOC@Fox.com).

BELFOR
PROPERTY RESTORATION
Red Alert
PRIORITY RESPONSE
PROGRAM MEMBER

Contact BELFOR immediately in the event this facility is struck by disaster.

Ready to respond at a moment's notice. As a member of BELFOR's Red Alert Priority Response Program, your facility will receive immediate response from our dedicated team of emergency response professionals in the event of a disaster. One call to BELFOR's 24-hour hotline immediately dispatches a disaster recovery team and allocates needed resources to help restore your loss. OSHA®
Occupational Safety and Health Administration

Job Safety and Health
IT'S THE LAW!

All workers have the right to:

- A safe workplace.
- Raise a safety or health concern with your employer or OSHA, or report a work-related injury or illness, without being retaliated against.
- Receive information and training on job hazards, including all hazardous substances in your workplace.
- Request a confidential OSHA inspection of your workplace if you believe there are unsafe or unhealthy conditions. You have the right to have a representative contact OSHA on your behalf.
- Participate (or have your representative participate) in an OSHA inspection and speak in private to the inspector.
- File a complaint with OSHA within 30 days (by phone, online or by mail) if you have been retaliated against for using your rights.
- See any OSHA citations issued to your employer.
- Request copies of your medical records, tests that measure hazards in the workplace, and the workplace injury and illness log.

This poster is available free from OSHA.

Employers must:

- Provide employees a workplace free from recognized hazards. It is illegal to retaliate against an employee for using any of their rights under the law, including raising a health and safety concern with you or with OSHA, or reporting a work-related injury or illness.
- Comply with all applicable OSHA standards.
- Notify OSHA within 8 hours of a workplace fatality or within 24 hours of any work-related inpatient hospitalization, amputation, or loss of an eye.
- Provide required training to all workers in a language and vocabulary they can understand.
- Prominently display this poster in the workplace.
- Post OSHA citations at or near the place of the alleged violations.

On-Site Consultation services are available to small and medium-sized employers, without citation or penalty, through OSHA-supported consultation programs in every state.

Contact OSHA. We can help.
