Global Security Services and Support for FOX Entertainment

FOX Global Security provides the comprehensive security support required for physical productions, both at a studio lot or on-location. Our Global Security Operations Center (GSOC) is available 24/7/365 to assist productions with any emergencies or general security inquiries while filming on-location. For immediate help, call the GSOC at (310)369-6555. Non-emergency security inquiries can also be directed via email at foxgsoc@fox.com.

Areas We Can Help With

- Stage/location/travel risk assessments and area analysis
- Physical security planning, sourcing and vetting vendors/guard services, asset protection, and on-site corporate security support
- Travel security support for international or high-risk locations
- Emergency preparedness and crisis management (medical, criminal activity, civil unrest, natural disasters, etc.)
- Threats (perceived or received) to personnel, production, or business operations
- Content reputational risk analysis, to include script and imagery review, plus event recommendations
- Antipiracy and content protection support
- Security systems: ID badging and credentialing, surveillance cameras, etc.
